

MOANA

BACKSTAGE SUPERVISION TEAM ROTA

Backstage supervision rota based on the dates provided by those who have generously volunteered to supervise. We are grateful to everyone who has offered their assistance. Due to restrictions on the number of people allowed backstage and the need for specific numbers in each group, we have endeavoured to assign at least one supervisor to each group who is familiar with the show and the venue.

Further information.

- Supervisors for MT1 will be stationed upstairs in two rooms with a restroom. MT1 will have their own chaperones for transitioning to and from the stage, so supervisors will remain in the dressing room.
- Supervisors for MT2 will be located in the audience with MT2, as that is their designated area. They will oversee the group and assist with toilet breaks before the show and during interval. At the end of the performance, they will ensure everyone is safely returned to their parent or guardian. MT2 will also have their own chaperones.
- MT3 is also positioned in the audience, where supervision will be present, although they spend a significant amount of time on stage.
- Supervisors allocated to Dr1, Dr2, or Boys (Dr3) will be situated just behind the stage.
- All supervisors are required to arrive at the same time as the cast, as indicated in the updated Rehearsal Schedule.
- Supervisors will be briefed on the location of fire exits, restrooms, and any other pertinent information.
- Due to space constraints, supervisors are not permitted to leave their designated dressing room whenever possible and should refrain from entering the wings unless instructed otherwise.
